1 Introduction

1.1 Company Introduction

GOGAS Gulf Oil & Gas LLC was established in 1991 as an Electro – Mechanical Contracting Company focusing quasi-exclusively on the Oil & Gas sector in the UAE / GCC both in offshore and onshore. Since then GOGAS has successfully executed a number of projects primarily for the ADNOC group companies (UAE). The company's dominant operating policy has been to identify customer's needs and provide cost effective quality services to meet the contractual requirements.

1.2 Energy & Production

GOGAS has in focus specifically on upstream and downstream Projects in the GCC / Middle East. Historically GOGAS has been working with consortium to cover wide span of activities upstream and downstream.

1.3 Company Profile

GOGAS is dedicated to serve the Oil & Gas industry in the fields of Electro Mechanical Projects and Marine Services. With highly qualified management and staff, GOGAS has the capability to offer a comprehensive package to the clients through the Engineering, Procurement, Construction and Commissioning of turnkey projects to meet the total requirements of customers.

Our Marine division with its fleet of barges, tug boats and floating crane barge takes care of the logistics requirements of our clients as well as supporting in-house projects division in the offshore construction works. We provide unique solutions with high levels of customer satisfaction. GOGAS recognize customer's needs and develop quality, health, safety and environmental protection plans, economical services and products to satisfy those needs. With continuing innovative marketing and excellent follow-through construction, GOGAS maintain a strong market position and remains poised for further growth in the future.

1.4 Offshore

GOGAS has been serving the Oil & Gas industry by taking up specialized projects involving below water and above water work related to modification and maintenance of offshore Oil & Gas installations like platforms, pipelines, jetties, loading facilities, etc.

1.5 Offshore Rigs

As member/leader of Consortium, case by case, we supply, rent, provision of operations and maintenance of onshore /offshore Rigs. Our Consortium Team has vast experience and references can be furnished with all information necessary to meet specific requirement upon request.

We can offer specialist diving and underwater welding services for maintenance and salvage operations. We have our own floating barge crane, transport (dumb) barges and tug boats which are deployed during execution of our offshore projects and this gives us greater control, flexibility and efficiency of operations resulting in achieving tight project completion schedules.

1.6 Onshore

In the onshore area GOGAS specializes in all types of Piping (SS, NACE, CS, Cu-Ni, GRE, etc.), Mechanical Equipment (static & rotary), Structural, Instrumentation, Electrical and associated Civil works. Our sphere of operations includes engineering, procurement, fabrication, erection, testing and commissioning.

Another area of specialization is refurbishment and modification of large size Tanks apart from building new Tanks We also undertake dismantling of complete plants including equipments / piping / instruments / tanks, etc. We are uniquely experienced in undertaking plant modification work in congested working plants and adopt stringent safety measures as demanded by the hydrocarbon industry.

As member/leader of Consortium, case by case, we supply, rent, provision of operations and maintenance of onshore /offshore Rigs. Our Consortium Team has vast experience and references can be furnished with all information necessary to meet specific requirement upon request

1.7 Marine Division

Our marine Division is responsible for managing, operating and maintaining our fleet of Transport Barges, Tug Boats and Floating Barge Crane. This division provides the vital offshore logistics support services to our Project teams and also charter hires the vessels, depending on planned usage.

Our Services Include:

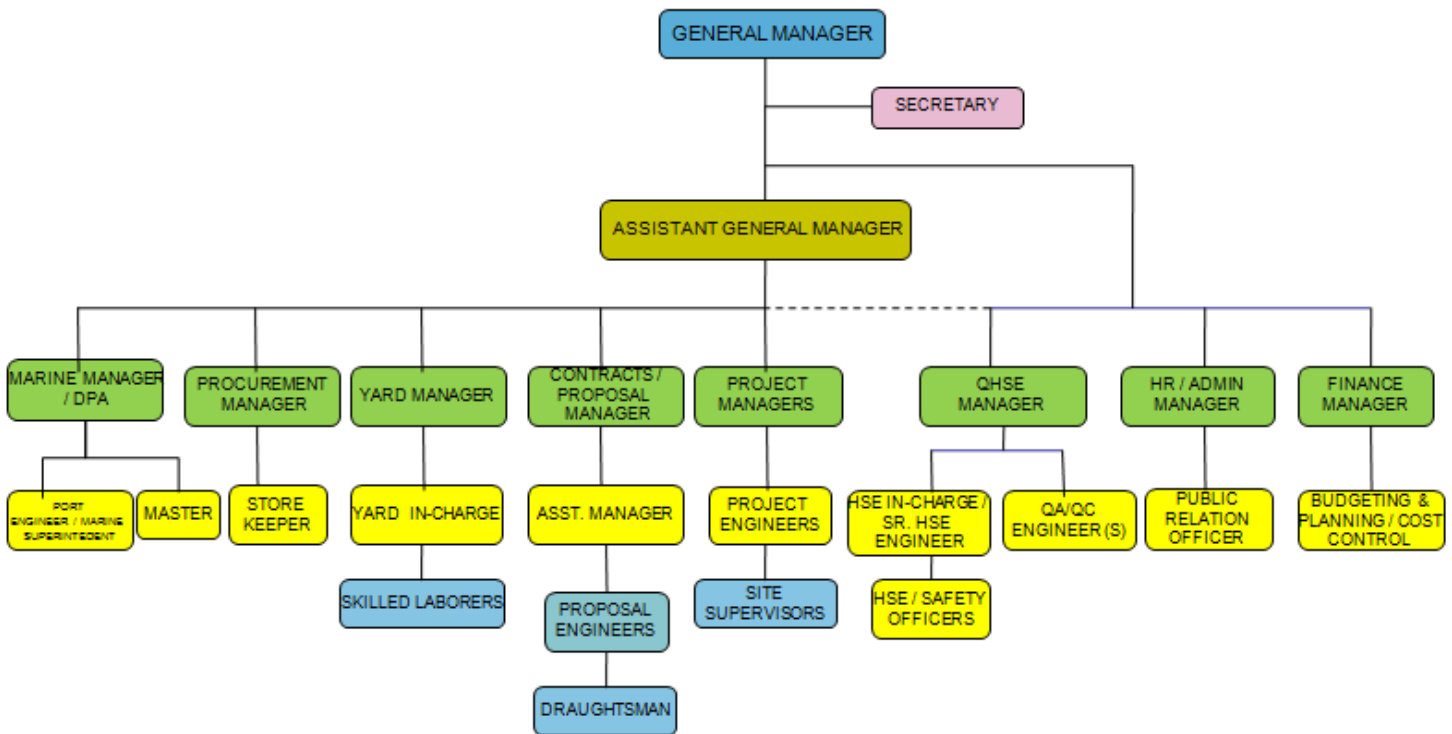

- Charter of DP-I and DP-II vessel, anchor handling tugs, supply vessel and other offshore support vessel
- Ship management, technical support and crewing
- Provision of Manpower for deep water services like saturation diving, ROV services, Remote System Engineering, NDT inspection and survey etc.,
- Supply of ROV with under water cutting tools.
- Marine Transportation of construction materials in and around UAE ports & Islands
- Salvage Operations
- Construction of costal protection like breakwater, marinas, jetty repair and Fender Installation etc.,

2 Operations

2.1 Organizational Chart

GOGAS ORGANIZATION CHART

2.2 Key Personnel

- Nabil Atta - General Manager
- Nizam Hassan - Assistant General Manager
- Mike Chehata - Finance & Business Development Manager
- Himadri Roy – AGM (Contracts and Proposals)
- Siva Kumar– Project Manager
- Faisal Zaman – Project Manager
- Saravana Kumar – Project Manager
- Mahalingam – Construction Manager

- Arun Kumar – Yard Manager
- Sreejit – Construction Manager
- Mohd Sherif – Sr. Project Engineer
- Arun V. R – Sr. Project Engineer
- KMK Babu- QA/QC Manager
- Prithviraj Prasad – Sr. HSE Engineer

2.3 Corporate Operations

GOGAS corporate office is located in Al Masood Tower at Hamdan Street, Abu Dhabi, U.A.E., providing administration, personnel, accounting, information and management support services to the Operations/Projects/Contracts located in Mussafah industrial area - Abu Dhabi.

2.4 GOGAS Mussafah Yard Operations

With comprehensive capabilities to serve the upcoming industries in the area and with a commitment towards these industries, GOGAS Mussafah Operations has been provided adequate infrastructure & resources to meet increasing customer demands.

With comprehensive capabilities to serve the upcoming industries in the area and with a commitment towards these industries, GOGAS Mussafah Operations has been provided adequate infrastructure & resources to meet increasing customer demands.

The total area of the yard is 5247 sq. meters. A total 2860 sq. meters consists of fully enclosed fabrication shop and 1770 square meters consists of open sheds for storage and offices.

GOGAS yard is capable to undertake all kinds of works in the following categories by highly qualified and experienced crew in oil & gas sector:

- Carbon Steel , Stainless Steel , Cu-Ni , Low Alloy and non ferrous fabrication up to 36”in heavy and light Steel Structures inside the shop floor.
- For Heavy steel structure open yard available with 50 T Crane.
- Pressure piping in the plants and installation.
- Assembly of equipment skids and modifications.
- Construction of Storage tanks.
- Fabrication of Skids for special equipment, Installation, testing & commissioning.
- Demolition of Steel Structures & Storage tanks.

GOGAS provides these services to Oil & Gas, and other industrial projects

Location of GOGAS Yard : Mussaffah M9, No:90

Mohamed Bader Al Rashid Building

3 Capabilities and Resources

GOGAS yard is capable to undertake all kinds of works in the following categories.

3.1 Fabrication

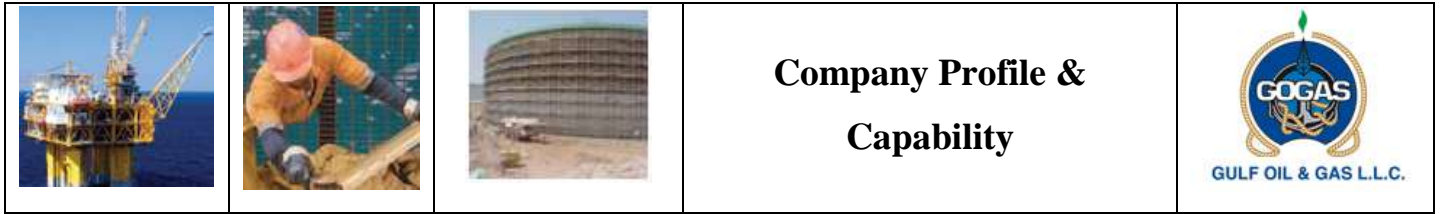

- Carbon Steel and Stainless Steel fabrication in heavy and light Steel Structures
- Pressure piping in the plants and installation.
- Construction of Storage tanks.
- Demolition of Steel Structures & Storage tanks.
- Fabrication of Skids for special equipment, Installation, testing & commissioning

3.2 Marine

- Marine equipment repairs
- Overhauls of diesel & petrol engines , pumps etc.
- Steel Structural refurbishment of ships and marine vessels.

3.3 Manpower

We have a multinational construction team consists of welders, fabricators, riggers, mechanics, technicians etc. lead by qualified and highly experienced supervisors and engineers. Detailed break up is as follows.

Management	15
Administrative	20
Senior Engineering	25
Supervisory	15
Project Resources	300

Note: All the above mentioned personnel are our permanent staff. GOGAS always mobilizes additional manpower, as per the requirements of the projects from our overseas contacts.

3.4 Vessels

Marine Vessels / Barges	Qty	Capacity
Barge GOGAS 250	01	5000 DWT
Barge GOGAS 252z	01	5000 DWT
Tug Boat (GOGAS 20)	01	2000 BHP
Tug Boat (GOGAS 10)	01	1000 BHP
Tug Boat (GOGAS 9)	01	940 BHP
Tug Boat (GOGAS 8)	01	800 BHP

3.5 General Equipment

The list of major equipment available in workshop is as below. This is indicative only and can be augmented as per job requirement.

Description/ Manufacturer	Qty	Capacity
Diesel Engine Driven Welding m/c , Miller	23	400A & 600 A
Electric Driven Welding m/c, Miller	11	400 A
Electric Driven Welding m/c, Miller	02	200 A
Electric Driven Air Compressor	01	50 CFM /100 PSI
Diesel Engine Driven Air Compressor , Compare Holman	01	400 CFM/125 PSI
Crane	01	50T
Crane	01	25T
Fork lift , Nissan	01	5T
Pickup , Mitsubishi	01	3T
Pick up, Izuzu	04	1 T
Plasma Cutting m/c, Miller	03	12mm
Oxy Acetylene cutting set, Victor	15	Up to 1"
Pedestal drill M/c	01	Up to 25mm
Drill M/c,	04	Up to 16mm
Hilti Drill M/c	01	Up to 22 mm
Grinding M/c	6	7.5"
Grinding M/c	15	4.5"
Diesel Engine Driven Electric Power Generator, Caterpillar	01	27.5 KVA
Petrol Engine Driven Electric Power Generator, Yamaha	01	5 KVA
Mini Bus, Nissan	03	14 Seater
Mini Bus, Mithsubishi	01	30 Seater
TATA BUS	01	50 Seater
H1 Vehicle	02	09 Seater

4.2 Project Experience

GOGAS- GULF OIL & GAS L L C				ISO 9001:2008 Certified	
LIST OF EXPERIENCE					
Year	Project	Client	Location	Main or Sub contractor	Brief Description/ Remark
2014	EPC Works For Borouge PO ISO Container Storage Yard Project	BOROUGE	RUWAIS	Main Contractor	EPC Works for the Container Storage Yard
2014	EPC SERVICES FOR FERTIL JETTY ETHYLENE VAPOUR RETURN ARM	BOROUGE	RUWAIS	Main Contractor x	Design, Procurement ,Installation Of ETHYLENE VAPOUR RETURN ARM
2013	HABSHAN 0&1 HP Steam Modification (PC) Contract No. OHB. 13.067	GASCO	HABSHAN	Main Contractor	Contractor Scope Of Work Is In Habshan 1 And Habshan 0. Installation And Modification Of Existing Pipe Primary Supports. Replacement Of Spring Hanger Supports. Modification Of Steam Traps Construction Of Reinforced Foundations Including Material Supply For The Pipe Supports. Structural Steel Works For Pipe Supports. Installation Of Pipes.
2013	ADDITIONAL HANDLING FACILITIES FOR 10 PPM GAS OIL AT RUWAIS REFINERY. Agreement No-13RREDR10993.	TAKREER	RUWAIS	Main Contractor	EPC Contract For Design, Engineering, Procurement, Construction, Commissioning Of Multi Discipline Project For Additional Handling Facilities For 10 PPM Gas Oil At Takreer Ruwais Refinery.
2013	Labeling Of Pipelines In Process Units And Offsite Areas At Abu Dhabi Refinery. Agreement No-13artsa11002.	TAKREER	Umm Al Nar	Main Contractor	Engineering, Procurement, Installation Of Self Adhesive Marker Levels On All The Process Units And Offsite Area At Takreer-Abu Dhabi Refinery.
2013	CONSTRUCTION WORKS FOR PP POWDER TRIMMING PROJECT .Contract No-WC/13/TS/0023	BOROUGE	RUWAIS	Main Contractor	Procurement, Installation, Testing For The SS Piping Work Including E & I Work With MOV's And Feeder Valve/Equipment.
2013	Special Contract Of Supply Of Steel Piping, Fitting And Accessories For Mobile Polished Water Injection Skid To Carryout Water Injectiity Test At PW38-MRC5	HITACHI, Ltd Middle East Branch	GOGAS YARD	Main Contractor	<ul style="list-style-type: none"> • Supply Of Piping And Electrical Materials • Transportation Of Free Issue Equipments, Skids, Instruments Etc. • Fabrication Of Piping Spools (CPVC, SS) With Piping Supports. • Installation Assembly Of Various Equipments, Skids, Tanks, With Piping And Electrical Cable Laying/Termination/ Glanding • Transportation And Unloading Of The Pre-Assembled Skids With Equipments

					<ul style="list-style-type: none"> • Painting The Items Which Are Fabricated By GOGAS, Except CPVC Material. • Complete Installation Of Full Assembly Of The Equipments Including Marking On The Barge, Setting Equipment With Skid On The Barge, Leveling Of Equipment Using Liner, Shim Plate Etc.. Setting Of Generator And Fuel Tank, Setting Of Control Panel, Setting Of Container For Chemical Control Panel And Installation Of Sun Shade.
2013	Replacement Of Drinking Water Pipelines In Ruwais Refinery	TAKREER	RUWAIS	Main Contractor	Procurement, Supply, Pre-Fabrication/Fabrication, Erection, Installation, Testing, Pre-Commissioning And Commissioning Of New Above Ground/Under-Ground Piping Including Fittings, Valves, Expansion Loops, Supports, Anchors.
2013	REPLACEMENT OF 24" CORRODED FLARE LINE ITT NO. FTEFE1201, PROJECT NO. 8948	ZADCO	ZIRKU ISLAND	Main Contractor	REPLACEMENT OF 24" CORRODED FLARE LINE ITT NO. FTEFE1201,
2012	MANUFACTURING OF BLOCK BRANCHES	BOROUGE	RUWAIS	Main Contractor	MANUFACTURING OF BLOCK BRANCHES
2012	IMPLEMENTATION OF OPERATIONAL IMPROVEMENT TO PROCESS UNITS AT ABU DHABI REFINERY (TAKREER)	LITWIN	Abu Dhabi Refinery	Sub Contractor	IMPLEMENTATION OF OPERATIONAL IMPROVEMENT TO PROCESS UNITS AT ABU DHABI REFINERY (TAKREER)
2012	PROVISION OF TEMPORARY SITE EXECUTION SUPPORT FOR SHUT DOWNS & MAJOR SCHEMES (OFFSHORE) ON CALL-OFF BASIS (CONTRACT NO. 156501)	ADMA-OPCO	OFFSHORE	Main Contractor	PROVISION OF TEMPORARY SITE EXECUTION SUPPORT FOR SHUT DOWNS & MAJOR SCHEMES (OFFSHORE) ON CALL-OFF BASIS
2012	CONSTRUCTION SERVICE FOR CONCRETE INSITU CASING OF BOROUGE 2 SEA WATER BASIN RUWAIS	BOROUGE	RUWAIS	Main Contractor	Upgrade Of Sea Water Basin With A Cast In - Situ Concrete Liner During Shut Down Period And Installation Of 72" Size GRE Header For Supplying Sea Water To Borouge 2 Facility.
2012	CONTRACT NO. 11RRMTR10816 INSPECTION AND MAINTENANCE OF SEAWATER INTAKES BOOM STRUCTURE IN GUP AT RUWAIS REFINERY	TAKREER	RUWAIS	Main Contractor	Inspect, Repair And Clean Of Sea Water Intake Booms, Buoys, Sliders Including Associated Auxiliaries And Remove Sea Weeds, Floting Objects, Sands Stones And Other Debris Spread Out On Sea Water I.E Floating Or Settled In Nearby Sea Bed Of Sea Water Intake 1 And 2 Facility Of Ruwais Refinery Division.
2012	FOAM SYSTEM REPLACEMENT AT PLANT 27 AND JETTY. CONTRACT NO. CON-PAC-019-2011/LCO-2(MZ)	ADGAS	DAS ISLAND	Main Contractor	FOAM SYSTEM REPLACEMENT AT PLANT 27 AND JETTY
2012	REPLACEMENT OF COOLING WATER PIPING AT GG II - ZWSC	ADMA-OPCO	ZWSC	Main Contractor	Replacement Of 3" NS And Below Piping With GRE Pipe Work And Corroded Spools Of 4" NS And Above (Up To 24") Piping With Like To Like Material Of 90/10 Cu-Ni And In Addition Additional Isolation Valve Shall Be Provided.
2012	Contract No. 11xxzz10859 - The Modification Of Gas & Utilities Connections In Takreer Research Centre Laboratories & Pilot Plant Hall	TAKREER	Abu Dhabi Refinery	Main Contractor	THE MODIFICATION OF GAS & UTILITIES CONNECTIONS IN TAKREER RESEARCH CENTRE LABORATORIES & PILOT PLANT HALL

2012	UPGRADE/CONSTRUCTION OF CAB KITCHEN & RESTAURANT DAS ISLAND.	ADMA-OPCO	DAS ISLAND	Main Contractor	Carryout Civil HVAC Electrical Control Modification To The First Floor Of Central Aminities Building Das Island As Restaurant And To Extend The Kichen And Ground Floor By Converting Part Of Existing Al Shaheen Restaurant
2012	REPLACEMENT OF COOLING WATER LINE AT ZWSC-PGB. CONTRACT NO. 148150	ADMA-OPCO	ZWSC	Main Contractor	To Replace The Existing CS Cooling Water Lines With Cu-Ni Pipe Work From 03 Nos Cooling Water Lift Pumps Discharges To The Inlet Of Gas-Turbines. Procurement Of Materials. Fabrication Of Pipe Spools And Supports As Per Approved Drawings.
2012	SECTIONAL REPLCEMENT OF DRAIN GRE HEADERS AT ASAB RDS'S	ADCO	HABSHAN	Main Contractor	Remove The Existing Limit Stopper And Re-Construct At The New Location. New Manifold Flow Lines Anchor Bolts To Be Properly Secured With Vinyl Rubber Packing. Missing Horizontal Stopper Plates To Be Welded On Sleeper Supports. Clear And Excavate Sand
2012	FABRICATION OF HANDRAILS FOR NSP (PROJECT-8643) ITT NO. 912303/VAGEORGE	ZADCO	NSP	Main Contractor	Fabrication And Supply Of Handrails For NSP
2012	INSPECTION AND PAINTING OF HYDROGEN CYLINDERS AND NITROGEN CYLINDERS AT ABU DHABI REFINERY.	TAKREER	Abu Dhabi Refinery	Main Contractor	Dismantling , Removal From The Existing System, Inspection And Painting Of Hydrogen Cylinders And Nitrogen Cylinders And Related Piping Works At Site.
2011	EPC FOR PROVISION OF ACCOMMODATION IN AL JIMI CAMP FOR 2012 PLANT OVERHAUL AT DAS ISLAND. ADGAS NO. ENQ-PAC-059-2011/SCE#1(UD)	ADGAS	DAS ISLAND	Main Contractor	EPC FOR PROVISION OF ACCOMMODATION IN AL JIMI CAMP FOR 2012 PLANT OVERHAUL AT DAS ISLAND
2011	Construction Of Exercise Room Near Safety, Env. And Fire Dept.	TAKREER	Abu Dhabi Refinery	Main Contractor	Construction Of Exercise Room Near Safety, Env. And Fire Dept.
2011	SUPPLY, FABRICATION, PAINTING AND DLIVRY OF METAL SKIPS.	BOROUGE		Main Contractor	SUPPLY, FABRICATION, PAINTING AND DLIVRY OF METAL SKIPS.
2011	ACPT-2, BILGE AREA OPEN DRAIN PIPING REPLACEMENT. 909240/SREDDY	ZADCO	ACPT-2	Main Contractor	ACPT-2, BILGE AREA OPEN DRAIN PIPING REPLACEMENT.
2011	SUPPLY OF MATERIAL & CONSTRUCTION OF EMERGENCY FLUSHING LINE FOR SOUTH OIL TRUNK LINE (SOTL). NO. 812593/I BILAL	ZADCO		Main Contractor	SUPPLY OF MATERIAL & CONSTRUCTION OF EMERGENCY FLUSHING LINE FOR SOUTH OIL TRUNK LINE (SOTL).
2011	REROUTING/EXTENSION OF EXISTING WASTE WATER LINE OUTSIDE TAKREER MUSSAFAH TERMINAL	TAKREER	MUSSAFAH TERMINAL	Main Contractor	REROUTING/EXTENSION OF EXISTING WASTE WATER LINE OUTSIDE TAKREER MUSSAFAH TERMINAL
2011	Fabrication Of Boat Fenders For Whts US-4 To US-10, Project Ref. EU1087, Contract No. 144139	ADMA-OPCO	US4-US-10	Main Contractor	Procurement And Fabrication Of Fenders For Installation On Wellhead Towers US-4 To US-10.ADMA-OPCO Intend To Commission A Contractor For The Procurement & Fabrication Of The Fenders For Installation On WHT US-4 To US-10.

2011	Modification Required For Installation Of New Propain Compressor Motor With Self Contained Purgins System	ZADCO		Main Contractor	Modification Required For Installation Of New Propane Compressor Motor With Self Contained Purging System
2011	Manufacturing Of Long Term Storage And Shipping Containers. Agreement NO. 1613001	GASCO	HABSHAN/BAB	Main Contractor	Manufacturing / Supply Long Term Storage And Shipping Containers For Insurance Spare Parts. Mainly Includes Design, Fabrication And Site Erection Of Containers.
2010	Replacement Of Marine Loading Arm & Other Accessories In Berth B At Ruwais Refinery. Agreement No. 09RRMTR10593	TAKREER	Ruwais Refinery	Main Contractor	Design, Supply, Manufacturing, Installation, Testing & Commissioning Of 8 Nos Of Loading Arms In Berth B At Ruwais Refinery To Replace The Existing Ones.
2010	Repair, Renewal Of Flooring, Flase Ceiling Wall Lining Panel At ZWSC/ZCSC. Contract No. 134664	ADMA-OPCO	ZWSC/ZCSC	Main Contractor	Engineering, Procurement, Demolition And Installation To Refurbish Damaged False Ceiling In Zakum West Super Complex And Zakum Central Super Complex. The Existing Electrical Light Fittings In Ceiling Of Mechanical Workshop, Electrical Pltf./ZCSC Shall Be Removed And Replaced With New Fittings.
2010	Improvement Of Al Jimi Village Accommodation. ADGAS Contract No. CON-PAC-034-2008/LCO-1 (UD)	ADGAS	Das Island	Main Contractor	Refurbishment Of 6 Nos. Ablution Unit. Refurbishment Of 18 Nos. Dormitories 142 Nos. New Rooms - Civil/Electrical Etc. Roof Sheet Changing Of 154 Nos Caravans / Dormitories / Ablution Units. Demolition / Dismantling Of 56 Nos. Existing Caravans Including Structures And Transportation To Abu Dhabi. Installation Of 28 Nos. New Caravans (11M X 3M)
2010	Upgrade Of SWDP 20" Corroded Carbon Stell Dewatering Line With GRE, Contract No. 129789	ADMA-OPCO	Das Island	Main Contractor	Engineering, Procurement, Fabrication And Laying Of 20" GRE Line And Related Civil Works At Das Island.
2010	Train-3 Main Cryogenic Heat Exchanger (MCHE) Replacement Project, Dismantling Of Mechanical, Insulation & E&I Items From Old MCHE. ADGAS Contract No. CON-PAC-034-2009/LCO-1 (UD)	ADGAS	Das Island EPC	Main Contractor	Removal Of All Insulation & Cladding Including Removal Of Piperack, Structural Platforms, Electrical Cables And Instrument Items From Old Cryogenic Heat Exchanger In Train-3 At Das Island.
2010	Hiring Of Manpower For Six Months -Service Order No. 811875	ZADCO	Central Complex (Offshore)	Main Contractor	Hiring Of Manpower For House Keeping Of All Wellhead Platforms At Zakum Offshore Facilities.
2009	Supply, Installation, Testing And Commissioning Of A Completely New Marine Loading Arm (260-VLA-40) In Berth E At Ruwais Refinery TAKREER Agreement No.08RRMTR10492	TAKREER	Ruwais Jetty	Main Contractor	Supply, Installation, Testing And Commissioning Of A Completely New Marine Loading Arm (260-VLA-40) In Berth E At Ruwais Refinery
2009	Inspection Of Ruwais Marine Terminal. TAKREER Agreement No. 08RRTSR10479	TAKREER	Ruwais Jetty	Main Contractor	Inspection Of Rueais Marine Terminal Through Visual Examination & NDT Methods For Pipelines, Structures, Loading Arms, Loading Platforms, Handrails, Gratings, Bds, Mds, Etc. Above Water Inspection & Under Water Inspection. Which Includes CP Systems.
2008-10	Inspection Of TAKREER GUP Sea Water Intake And Maintenance Of Boom And Accessories Sand Trap Cleaning At Sea Water No. 1 & 2 In GUP TAKREER Refinery. Agreement NO. 07RRMTR10442	TAKREER	Abu Dhabi Refinery	Main Contractor	Inspection Of TAKREER GUP Sea Water Intake And Maintenance Of Boom And Accessories Sand Trap Cleaning At Sea Water No. 1 & 2 In GUP
2009	New Sulphur Rundown Line At Das Island ADGAS Contract No. CON-PAC-	ADGAS	Das Island	Main Contractor	EPC Contract For Erector Of New Sulpure Rundown Line. Including Site Survey, Engineering, Procurement & Construction With Coordination

	038-2007/LCO-2				With Tyco Thermals - UK
2008	Replacement Of Instrument Air Network At GTP & CSP In Central Copmplex, Project No. 8737, Contract No.CTEUZ071910	ZADCO	Central Complex (Offshore)	Main Contractor	To Carry Out Site Survey, Update Isometrics, Procure All Materials, Fabricate Transport To Offshore Site Except Multiphase Pump, Demolition And Extension Of Structural Platform, Installation Of New Skid, Piping, Electrical And Instrumentation Hook-Up Works.
2008	Modification Of 24" Coanda Relief Header - Contract No. 106523	ADMA-OPCO	Das Island	Main Contractor	Engineering, Procurement Fabrication And Installation Of 20" CS Line, 24" Ball Valve And Related Civil Foundations
2008	Replacement Of Old Roof Sheets For Old BOG, VRU And Train 2 Plant 6MCR Compressor. Contract No. CON-PAC-0134-2008/SCE2	ADGAS	Das Island	Main Contractor	Engineering, Procurement, Manufacturing, Transp To Site And Replacement Of Existing Roofing And C FOR VARIOUS BUILDINGS AT Das Island.
2008	EPC Contract For Upgrade Of Corrossion Injection Skids In Das Island. Contract No. CON-MAC-037-2007	ADGAS	Das Island	Main Contractor	To Carry Out Site Survey, Detail Engineering, Procure All Material Other Than Free Issued Skids, Demolition Of Existing Skids, Installation Of Pump,.
2008	Installation of MPP Package at WHPT -04 UAD. Contract No. CTEUA070110	ZADCO	Offshore Platforms	Main Contractor	To carry out Site Survey, Update Isometrics,Procure all material except multiphase pump, Demolition and Extension of Structural Platform, Instalaltion of new Skid, Piping, Electrical and Instrumentation Hook-up Works.
2008	Replacement of Fuel Gas Filter Separator at UAD CPC on EPC basis Contract No. CTE UA06 3610	ZADCO	Offshore Platforms	Main Contractor	Design, Detailed Engineering Services, Procurement, Replacement of filter separator package covering process including Piping, Instrumentation and Structural works.
2008	Helicopter Jet Fuel Daily Tank Jettison System Modification - Srvce Order No.SO0146283	ZADCO	Offshore Platforms	Main Contractor	To carry out modification of jettison tank, installation of rupture disks on the existing tanks, functioning decommissioning of of existing Jetison system, connection and Tie-inns of the existngg facilities, Piping, E&I and Structural works.
2008	Installation of Sodium Hypochlorite Dosing System at NSP. Project No.8184. Service Order No. SO102029	ZADCO	Offshore Platforms	Main Contractor	To carry out Site Survey, update Isometrics, procure all Materials including cu-nickel, PVC & GRE piping, fabricate , paint, transport, install offshore piping & instrumentation, test and commission the Hypochlorite Dosing System at North Satellite Platfo
2008	Inspection and Mintenanace of Oil Contaminent Boom Structure at Abu Dhabi Refinery Sea Water Outfall. Agreement No. 07ARMTA10363	TAKREER	Abu Dhabi Refinery	Main Contractor	To carryout the repair of Oil containment boom structure at Umm al Nar Sea water outfall, including periodic inspection & maintenance of Boom Structure and on emergency call attendance during the contract period of 3 Years. The scope also include procure
2007-2008	Pre-fabrication of Pipe Spools for Inteligent Pigging at 19WHPT's	ZADCO	Offshore Platforms	Main Contractor	Site Survey, Engineering, Fabrication, testing, painting and delivery to ZADCO base in Musafah the piping spools for 19 Well Head Platforms for installation by ZADCO.
2007-2008	USSC - Installation of Atmospheric Vent for TA Glycol Generator	ADMA-OPCO	Offshor Umm Shaif	Main Contractor	Engineering, Procurement, Fabrication, Transportation to site, Installation, Hook-up, Tie-in and Commissioning of SS piping, supports, KOD and related instrumentation work
2007	Marine Barge Equipped with Crane Operator and Riging Team for Repair of 3 Nos.Marine Jetty Loading Arm at Ruwais Refinedry Jetty	TAKREER	Ruwais Refinery	Main Contractor	Mobilize Crane Barge with operating crew and equipment for lifting of Marine Jetty Cranes for carrying out by TAKRER

2007-2008	New Portacabin for Offices at ACPT-1, 2 & CC. Contract No. CTOUZ0626	ZADCO	Offshore Platforms	Main Contractor	Design, Engineering, Procurement, Fabrication, Transportation to site, Installation, Hook-up, Tie-in and Commissioning of 8 Nos. Porto Cabin Offices at ACPT-1, 2 and Central Complex Offshore
2007	411-K-001 Cooling Water Piping Replacement at Satah Plant in Zirku Island. S.O. No. SO 101994	ZADCO	Zirku Island	Main Contractor	Supply of all material, site survey, engineering, onshore fabrication, painting and testing of cu-ni piping and delivery to ZADCO base in Mussafah.
2007-2010	Replacement of Oily Water Sewer System at Abu Dhabi Refinery. Agreement No. 53.06.053	TAKREER	Abu Dhabi Refinery	Main Contractor	Replacement of existing GRE/CS coated pipes (6" to 32" sizes) layed underground, which are used for the oily water sewage system aongwith refurbishment/ replacement of Manholes. The GRE Pipes as wel as CS Pipes are 7.5 km each The number of Manholes are 3
2007	Quantification Works for Structural & Painting at Umm Al Dalkh WHP-03/07. Service Order No. SO132572	ZADCO	Offshore Platforms	Main Contractor	Carry out site survey of each platform and prepare EPC Scope of work for refurbishment of work, including budgetary cost for refurbishment work in order for ZADCO to invite RFQ's for the work
2007	Replacement of Flare Tip of 425H002B at Zirku Island	ZADCO	Zirku Island	Main Contractor	Supply all manpower and equipment including the winch for lowering and lifting the tip and carryout the replacement of Flare Tip on Flare 425.H.002A at Zirku Island
2007	Chloride Guard Bed for Unit No. 13 in Ruwais Refinery. Agreement No. 52.05.046	TAKREER	Ruwais Refinery	Main Contractor	Design, Engineering, Procurement, Fabrication, Transportation to site, Installation, Hook-up, Tie-in and Commissioning of 2 Nos. Chloride Guard Bed including related piping, supports, control valves and instrumentation
2007	Re-Roofing of Central Workshop at Das Island. Contract No. CON-MAC-049-2006	ADGAS	Das Island	Main Contractor	Re-Roofing of Central Workshop in Das Island,including Engineering, Procurement, Manufacturing, Transportation to site and replacement of existing single skin and sandwich panel Roofing and Clading.
2007	WIP-PGP Overboard Drain Lines Replacement. Contract No.CTOUZ0604	ZADCO	Offshore Upper Zakum	Main Contractor	Demolition of Existing CS Overboard Drain Lines and Installation of new GRE Lines including design, engineering, procurement, fabrication, offshore installation, testing and Commisioning of GRE Lines
2007	Repair of Damaged Boat Landing at Satah WHP-2. Contract No.CTE FE060810	ZADCO	Offshore Satah Field	Main Contractor	Carry out sikte survy, prepare fabrication drawings, procure shock cells, replace clamps assembly and shock cells on bumper fender at Leg B2 and remove boat landing on to barge, refurbish, replace all rub strips & ladder and reinstall boat landing on the W
2007	Installation of New Pig Traps on 8"Oil Production Flow Line between WHPTS PS-76 & PS-84	ZADCO	Offshore WHPS	Main Contractor	Carry out site survey, prepare fabrication drawings, collect free issue material, supply balance material, fabricate new spools, remove the existing spools and install new Pig Traps and related piping including testing and touch up painting on offshore WH
2007	Replacement of Corroded Sea Water Drain Piping System (Water Injection) and Relocation of Carbon Steel Closed Drain Piping System. S.O No. SO131497	ZADCO	Umm Al Dalkh Central Complex	Main Contractor	Supply of all material, site survey, engineering, onshore fabrication, offshore scaffolding, offshore installation, painting and testing for replacemenmt of corroded cu-ni. Sea water drain piping system and relocation of carbon stel closed drain piping a
2007	6 Inch Bypass for Kerosene Feed Coalescer Outlet to Filter in Merox Unit at Abu Dhabi Refinery, Agreement No.53.05.073	TAKREER	Abu Dhabi Refinery	Main Contractor	Engineerig, Procurement and Construction of 6-inch kerosene bypass run pipe from outlet of 1701-F to ATK filter assmbly 1701-L and tie - in of new 6-inch bypass run pipes including installation of valves, associated pipe supports and related instrumentat
2006	Dismantling and Removal of Redundant Fixed Equipment, Piping and associated Accessories at Abu Dhabi	TAKREER	Abu Dhabi Refinery	Main Contractor	Dismantling, Removal and disposal of of various fixed Equipment, Piping and associated Accessories in the plant and Tanks with associated Foundations and Accessories in the Jetty area at

	Refinery, Agreement No. 53.05.065				Abu Dhabi Refinery.
2006	Flare/ Fuel gas Metering Facilities Installation of Ultrasonic & Orifice type flow meters at CC & Satellites.	ZADCO	Central Complex (Offshore)	Main Contractor	Procure materials, install and commissioning of 12 nos. UT flowmeters and 8 nos. Orifice type flow meters, testing& commissioning
2006	Replacement of 7 nos. Pedestal crane at Takreer Marine Jetty Terminal.	Takreer	Ruwais	Main Contractor	To carryout Engineering, Procure, Replace and Commission the 7 nos. Jetty pedestal cranes
2006	Tank Bottom Plate Replacement (Crude tank No.1)	ZADCO	Zirku Island	Main Contractor	To Procure materials and carryout the refurbishment of 100m Dia. crude tank bottom plate
2005	Modification of Piping system for parallel operation at ZADCO CPC	ZADCO	CPC, Umm Al Dalkh (Off Shore)	Main Contractor	To carryout engineering, Procure materials, fabricate, install and commission to maximize the production capacity of the field. Also to carryout the debottlenecking study on existing UAD CPC Fuel Gas treatment and delivery system.
2005	Procurement, Install,Repair & Miscellaneous jobs at Ruwais marine jetty and Sulphur terminal jetty.Phase II	TAKREER	Ruwais	Main Contractor	Procure berth fender systems, chains etc and install the same in oil tanker berth terminal. Also to repair the existing marine fender units and its painting. Replacement of various piping systems, Structural platforms, gangways etc.
2005	Debubbler tank 8" Vent lines modification and replacement of drain lines on chemical skid at CC WIP from SS to GRE	ZADCO	Central Complex (Offshore)	Main Contractor	To carryout Engineering, Procurement, Prefabrication , Site installation and Commissioning of GRE Electrically conductive pipes and its accessories at ZADCO Central Complex
2004	Access platforms at various plant locations, protection sheds, Process lines protection and refurbishment of riser supports arrangement Contract No. CON-MAC-010-2004	ADGAS	Das Island	Main Contractor	To carryout Engineering, Procurement, Prefabrication , Site installation and Commissioning of access platforms and pipelines protection and supports at ADGAS Das Island.
2004-2007	Oil Spill Containment boom structure repair & maintenace at Takreer Umm Al Nar	TAKREER	Umm Al Nar	Main Contractor	To procure materials and carryout the repair of Oil containment boom structure at Umm al Nar Sea water outfall, including periodic inspection & maintenance works and on call services during unforeseen failures
2004	Replacement of Flare Tip at Zirku Island	ZADCO	Zirku Island	Main Contractor	To carryout the replacement of flare tip on flare 425.H .002A
2004	Reclamation of land in the sea and construction of Marine jetty in the reclaimed land for Private Department.	Private Dept, Abu Dhabi Government	Off shore	Main Contractor	Reclamation of land in the sea and construction of Marine jetty in the reclaimed land for Private Department.
2004	Al Geemi Camp additional accommodation	ADGAS	Das Island	Main Contractor	To carryout the engineering, Procure material, Transport and install 30 nos. caravans at Das Island for enhancing the accommodation in Al Geemi camp.
2003	Replacement of Overboard Drain lines (20" &24" GRE lines) at Central Complex. SO No.101433	ZADCO	Central Complex (Offshore)	Main Contractor	Procure material, Fabricate, install and commissioning 20" &24" GRE Pipelines at siteat site.
2003	Demolition of Plant & machineries at GASCO, Habshan Project No.TS.55.02	GASCO	Habshan	Main Contractor	Carry out the demolition of Plant and Equipment in units 45,55,61,64,73 and Thammama'F'
2003	Relocation of Warehouse (120m x36m) and Misc. Civil works in Umm Al Nar refinery. Project No. 53.00.016	TAKREER	Umm Al Nar	Main Contractor	Carryout demolition of existing ware house and Construct new warehouse in refinery on EPC basis.

			Company Profile & Capability	
---	---	---	---	---

2003	Waste handling Facilities at Das Island	ADGAS	Das Island	Main Contractor	Carryout Engineering, Procure materials and Construct waste handling facilities.
2003	Temporary Pentane Storage facilities and demolition of Tank 501 & 502 at Das Island. Project No CON- MAC-021-2002	ADGAS	Das Island	Main Contractor	To carry out the Procurement, and Construction of various pipelines related to Pentane Pump relocation, Modification of existing Crude Tank(79m Dia x 19m H), Modification of Tank for change of product including partial replacement of bottom plates.
2002	Replacement of Fender at Production Platform in Bunduq Offshore Field	BUNDUQ	Bunduq	Main Contractor	To carry out site survey, preparation of drawings, supply of all material, qualification of welders & welding procedures, fabrication of fender support structure, platform extensions & connecting flanges, mobilize marine vessel and install the Fender offs
2001	Al Geemi Camp additional accommodation (CON-MAC-020-01)	ADGAS	Das Island	Main Contractor	To carryout the engineering, Procure material, Transport and install at Das Island for enhancing the accommodation in Al Geemi camp. Total 100 caravans installed.
2001	Renew Platform gratings in Train 1 & train 2	ADGAS	Das Island	Main Contractor	To carry out the fabrication and installation of Steel gratings at Train 1 & 2 as per ADGAS instructions.
2001-3	Hire of Manpower & Equipment	ADGAS	Das Island	Main Contractor	Hire of Welders and fabricators to ADGAS
2002	Refurbishment of berthing Dolphins no.1 &5 at ADGAS Marine Jetty	ADGAS	Das Island	Main Contractor	To remove the damaged fender units and install new units in berthing dolphins 1 & 5.
2001	Procurement, Install,Repair & Painting jobs at Ruwais marine jetty and Sulphur terminal jetty.	TAKREER	Ruwais	Main Contractor	Procure berth fender systems, chains etc and install the same in oil tanker berth terminal. Also to repair the existing marine fender units and its painting.
2001	Inspection of Marine Terminal and Sulphur Jetties. Contract no. 52.00.055	TAKREER	Ruwais	Sub Contractor to INW	To carryout the inspection of above water steel structures, vessels and pipelines including corrosion mapping of pipelines. Main contractor (INW) will carryout the under water inspection part of the job.(Total contract value is 2.25 Million)
2001	Fabricate & Install Air supply Manifolds at WHP's	ZADCO	Satah Field (Off shore)	Main Contractor	Procure material, pre-fabricate, NDT, Blast & paint, Installation, electrical & instrumentation at site and commissioning of Pressure Pipelines.
2001	Utilization of Satah Facilities. Test Separator Piping and Commissioning at WHP 8	ZADCO	Satah Field (Off shore)	Main Contractor	Procure material, pre-fabricate, NDT, Blast & paint, Installation, electrical & instrumentation at site and commissioning of High Pressure Pipelines.
2001	Utilization of Satah Facilities. Test Separator Piping and Commissioning at WHP 2,3,&6 (S.O. no.785018001)	ZADCO	Satah Field (Off shore)	Main Contractor	Procure material, pre-fabricate, NDT, Blast & paint, Installation, electrical & instrumentation at site and commissioning of High Pressure Pipelines.
2000	Installation of 3rd manifold (S.O.No: 720008006)	ZADCO	Umm Al Dhalak (Offshore)	Main Contractor	Procurematerial, pre-fabricate, NDT, Blast & paint, Installation at site including instrumentation and commissioning of High Pressure Pipelines.
2000	Salvage of Sunken Ship from Umm Al Nar Channel	TARGET/ADWEA	Umm Al Nar (Offshore)	Main Contractor	Salvage of Sunken Ship from Sea bed.
2000	Dismantling /Removal Of FD Fan Houses for Boilers in Train 1 &2. CON-MAC-029-99	ADGAS	Das Island	Main Contractor	Dismantling & Removal of existing 4 nos. Portal Steel FD fan houses and installing Steel structures for the fan intakes.
1999	Supply, Fabricate, Erect, Test & Commission all piping related to DCS Project. 0277/006/C	GASCO	Ruwais (Plant Piping)	Sub Contractor to Technip Geo Production & UTS Kent.	Procure material, pre-fabricate, NDT, Blast & paint, Installation at site and commissioning of High & Low Pressure Pipelines.

1999	Provide WPS,PQR and carryout Welding of 2 nos C.S. Split Tee for Hot Tapping related to installation of Fuel & vent Gas pipeline at ADCO, ASAB Contract no: 1267)	ADCO/GASCO	Asab (On shore field)	Sub Contractor to Toledo & Kvaerner	Welding of Split Tees.
1998	Installation of Residue gas line for fire training ground (Contract no:446/001/C)	GASCO	Buhassa (Onshore)	Main Contractor	Procure material, Pre-fabricate, NDT, Blast& Paint , Installation and commissioning of pipe line including Hot tapping operation .
1998	Replacement Of 30" leaking Tee . Shut down Work Contract no: 0446/002/C	GASCO	Buhassa (Plant Piping)	Main Contractor	Installation of Tee & Related shut down jobs.
1998	Debottlenecking of MP Fuel Gas line at GP & P Division Contract no: 333.98.30	ADNOC	Habshan (Plant Piping)	Main Contractor	Procure material, Pre-fabricate, NDT, Blast& Paint , Installation and commissioning of pipe line including Hot tapping operation .
1998	Inspection of Sulpher Loading Platform by Abseling.	ADGAS	Das Island	Sub Contractor to INW	Survey and inspection of steel structures & pipe lines
1997	Construction of Break water	H.E. Mohammed Al Habroosh	Mechaseb Island	Main Contractor	Supply material, marine transportaion, and construction of break water .
1996	Construction of Marine Jetty	H.E. Shk.Ahmed Bin Hamed	Hanoura Island	Main Contractor	Supply material, marine transportaion, and construction of marine jetty.
1995	Construction of Break water	Mohammed Bin Masood	Fataer Island	Main Contractor	Supply material, marine transportaion, and construction of break water .
1993	Demolition of sahil A restaurant Building and supporting Marine services	ADMA-OPCO	Das Island	Main Contractor	Demolition of existing structure and its transportation to Abu Dhabi.
1992	Power supply to Radar building	UAE Armed Forces	Al Dafra Air Base	Main Contractor	Suppy Material, erection& commissioning of lighting, LV,MV panel system, Underground cabling etc.
1992	Structural inspection & Maintenance of Ruwais jetty	ADNOC	Ruwais	Sub Contractor to INW	Structural inspection and repair of damaged structures .
1992	Demolition of Storage Tanks	ADMA-OPCO	Das Island	Main Contractor	Demolition of existing structure and its marine transportation to Abu Dhabi.
1992	Demolition of Plant & Storage Tanks	ADGAS	Das Island	Main Contractor	Demolition of existing structure and its marine transportation to Abu Dhabi.
1991	Demolition of LPG/LNG storage Tanks	ADGAS	Das Island	Sub Contractor to NPCC	Demolition of existing structure and its marine transportation to Abu Dhabi.

5 Partners

1. Off-shore Subsea Works and under Water Projects
2. Refinery Maintenance and Operations
3. Dismantling and Heavy Lift Operations
4. Trading Partners
5. Investment Partners in Oil and Gas & Marine Off-shore Projects
6. Being Gulf based company we can establish a branch in GCC region.

Working with our International Partners in the area of Maintenance and Operations

1. For the Maintenance and Operations of Refineries.
2. For the Maintenance and Operations of several subsea Projects
3. On-shore and Offshore Rig Maintenance and Operations with Consortium Partners
4. Pipeline Partners

6 HSE Philosophy

GOGAS is an ISO , OHSAS & EMS certified company: ISO 9001:2008,ISO 14001:2004 & OHSAS 18001:2007).

The ultimate goal of GOGAS Project Management Team are:

- Timely completion of Project with full compliance to HSE Requirements;
- No harm to people,
- No damage to company's or client's property;
- No adverse impact on environment

Safety (QSMS): We are committed to maintaining the highest levels of Quality and Safety in our systems and operations, in line with requirements set forth by the operator companies in the region. We are proud to have achieved a very high level of safe operations records for the past five years. No accidents or incidents were reported during the past five years, which shows our commitment to provide a safe work environment for our crew.

GOGAS Considers HSE as Line Responsibility and believes *“No project is so important that it cannot be performed / completed safely”*

7 Certification

7.1 ISO 14001:2004 & OHSAS 18001: 2007

7.2 ISO 9001: 2008

Safety (QSMS): We are committed to maintaining the highest levels of Quality and Safety in our systems and operations, in line with requirements set forth by the operator companies in the region. We are proud to have achieved a very high level of safe operations records for the past five years.
